Join **PhysicsWallah**

Trainee – Category Management, Noida

Are you ready to make an impact that matters?

PhysicsWallah is an Indian online education technology startup based in Delhi, recently became 101st Unicorn of India, originally created as a YouTube channel in 2014 by Mr. Alakh Pandey. We are the first company aiming to build an affordable online education platform for each Indian student who dreams of IIT & AIIMS and other categories but is unable to afford the existing offline/online education providers.

We provide learning via our YouTube Channel, PhysicsWallah App/ Website, Paathshala and Vidyapeeth Centres by providing lectures for JEE Mains and Advanced level, NEET, Board Exams, UPSC, Banking, SSC, Gate, Teaching, Skill & other competitive exams in the form of live lectures, recorded lectures, etc.

What is this role?

We are seeking a dynamic and motivated intern to join our team as a Project & Category Management Intern. This position offers a unique opportunity to gain hands-on experience in project management and category management within Edtech Industry. The intern will work closely with our project and category management teams to support various initiatives and projects aimed at optimizing product assortments, improving supply chain efficiency, and enhancing overall business performance.

What You'll Do?

1. Assist in the development and execution of project plans for category management initiatives.
2. Conduct market research and analysis to identify trends, competitive landscape, and consumer preferences within specific product categories.
3. Collaborate with cross-functional teams, including merchandising, marketing, and procurement, to gather insights and align strategies.
4. Support the creation of product assortments by analysing sales data, inventory levels, and customer feedback.
5. Assist in vendor management activities, including negotiation, performance evaluation, and contract management.
6. Help streamline processes and workflows related to category management, identifying opportunities for improvement.
7. Prepare presentations and reports summarizing project findings, key metrics, and recommendations for stakeholders.
8. Participate in team meetings, brainstorming sessions, and training opportunities to enhance skills and knowledge.

You are Someone Who Has:

1. Currently pursuing a bachelor's or master's degree in business administration, Management, Marketing, or a related field.
2. Strong analytical skills with the ability to interpret data and draw actionable insights.
3. Excellent communication and interpersonal skills, with the ability to work effectively in a team environment.
4. Detail-oriented, organized, and able to manage multiple tasks simultaneously.
5. Proficiency in Microsoft Office Suite (Word, Excel, PowerPoint) and other relevant software applications.
6. Prior experience or coursework in project management, category management, or related fields is a plus.
7. Passion for learning and a proactive attitude towards professional development.
