

EKHO FOUNDATION

**Rocket Learning**

*Building an equal foundation, early*

**Job Description - Associate-Founder's Office**

**About Rocket Learning**

Rocket Learning is a high growth ed-tech non-profit with the mission of catalyzing early childhood education and community engagement in India. We work with the central government and state governments to impact over 1mn children. Established by a passionate founding group (IIT, IIM, HBS, Rochester, MBB, start-up alumni) Board and backed by reputed funders, we are a diverse team of passionate, energetic and optimistic folks with a shared ambition of transforming India's education system.

**Overview**: The Associate Founder's office role is an exciting opportunity where you work directly with one of our founders to help them build and grow the company. The founder's office role will have the responsibility of working with the founder to build and launch new products, iterate to get to product-market fit, build strategic partnerships, design behavior change strategy and form key data-based insights.

**Key Results**

1. Increase rate of iteration and co-develop more engaging products: Ideate and iterate to develop products, analyse data, and generate user love
2. Productivity enhancement of the organization, by freeing up the Founder's time to allow them to focus more on team building, culture and build new partnerships
3. Help build strong processes enabling faster and more seamless launches in states/ districts

**Key Activities**

1. Managing end-to-end data analytics and developing insights for the founders
2. Work closely with our state leadership team and team on-ground to take feedback on operations processes and drive improvements
3. Help build out a strong playbook for launches
4. Ideation on focus areas such as product, leading to greater engagement of our users
5. Ideation on behaviour change, and helping define what leads to change, and metrics to measure
6. Play point, along with the founder, on government interactions, fundraising, and other initiatives
7. Build out presentations and reports for government officials and for funders

**Areas of responsibility**

1. Weekly updates and Quarterly reports
2. Establishing processes, change management of processes
3. Ideation and implementation of new initiatives
4. Representing co-founders as and when required
5. Co-drive any new tech/product feature rollout with product teams

**Critical Factors for Success**

1. Seamless communication with various teams and co-founders
2. Close alignment with RL's core values and principles
3. Mission driven, enthusiastic and optimistic - committed to transformation
4. Entrepreneur at heart
5. Comfortable with quantitative and qualitative problem solving
