SAMPARK
A Foundation by Anupama & Vineet Nayar

Zonal Manager - Sampark Foundation

Posting State: Uttarakhand and Jharkhand

About Sampark Foundation: Impact & Scale

India's primary education system grapples with profound challenges that result in significantly poor learning outcomes. About 60% of Grade 5 students are unable to read at a Grade 2 level, and 80% struggle with basic math. An estimated 60 Lakh children aged 6-14 are out of school, with a 36% dropout rate before completing primary education. The system is hindered by inadequate resources, poor infrastructure, the complexity of multi-grade classrooms, low teacher-student ratios, irregular attendance, and teachers' high non-teaching workloads. Despite increased State investments in education, these factors contribute to a continuous decline in learning outcomes.

Sampark Foundation was founded by Anupama Nayar (Special Educator) and Vineet Nayar (Former Vice Chairman and CEO of HCL Technologies and Author of Employees First Customer Second) with a belief that “frugal innovation” along with relentless execution in partnership with the Government can drive large scale change in learning outcomes.

Our unique Sampark Smart Shala™ program, featuring the voice mascot "Sampark Didi," leverages music, songs, and technology to enhance English, Science and Math learning. In addition, our innovative Teaching-Learning Materials (TLMs) simplify complex subjects, and our Sampark Smart Shala App, designed to work in low-internet zones, bridges the digital divide. Furthermore, Sampark TV extends our reach, bringing quality educational content to even more children.

Over the last decade, we have rolled out Sampark Smart Shala program in over 1 Lakh+ rural schools and trained over 5 Lakh+ teachers annually, touching lives of 1.5 Crore children across 8 States, leading to over 32% increase in learning outcomes at less than $1 per child per annum.

Position Overview:

To work with the Programs team and support them in planning, implementation, and monitoring of related interventions at Zonal level (Cluster of Districts). Tasks include:

Program Implementation	• Conduct regular school visits to offer onsite support, monitor progress, and ensure effective implementation of the program. • Facilitate demonstration classes to model effective teaching practices. • Perform classroom observations, providing constructive feedback to teachers and school officials. • Develop a telephonic support system to foster a community of learning among teachers.
Advocacy at the District / Block Level and Relationship Management	• Good Coordination and Functional Relationship at the Zonal level (Cluster of Districts) Officers, DM/DEOS/BSAs/BEOs/BRCs/Cluster coordinators. • Coordination and follow-up for implementation of State instructions at the District/Block and Cluster level. • Review of the Program using Data Analytics/ Dashboard Reports etc. with the DM & DEO office, during the travel to the District/Blocks along with the team member.
Teacher Training: Planning, Execution & Quality Management	• Ensuring the implementation of the teacher training program in consultation/support from the officials at the District/Block level and maintaining high quality. • Inviting the DM/DEOs for District Trainings. • Ensuring the Inventory management process. • Execution and Monitoring of MTs and teachers, quality, and follow-up. • Capacity Building of team members in orienting the officials at the District/Block/Cluster level on the utilization of Sampark resources and School Level Monitoring delivering effective school visits and meetings. • Taking approval for Training at District/ Block /Cluster level and follow-up.

Reporting and Stakeholder Management	• Consistently document program activities and prepare detailed reports, review documents and liaise with officials for continuous program improvement. • Maintain robust relationships with government entities and educational partners. • Regularly update authorities on program progress and participate in relevant forums. • Collaborate in annual planning and effective implementation of action plans. • Lead and motivate local teams to achieve program goals.
Team Management	• Mentoring & Capacity Building of the team members to develop their capacity on improving the utilization of resources in the District and Block levels. • Oversee the performance of team member on the critical indicators of the program. • Provide leadership & guidance to the team members in effective implementation of program.
Content and Media	• Document program successes and challenges through storytelling. • Actively help the Marketing and Communication team to engage wider audiences and promote program visibility.

Qualifications, Experience and Competencies you must have:

If you have the passion to learn, a desire to work very hard, a habit to experiment, a free and independent mind, an eye for detail and a habit of perfection, a heart for changing fortune of 2 crore children, a stomach to travel into the interiors of India and finally an ambition to become a great Pedagogy thought leader; this is the right place for you.

We are looking for someone who wants to bring life changing transformation in education and meets the following criteria:

- Required: 3 to 4 years of experience in the development sector.
- A Bachelor's or Master's degree in Social Work, Math, English, Physics or Chemistry.
- Proficiency in leveraging technology in education is a must.
- Candidates must possess their own bike and laptop.
- Excellent communication and presentation skills in Hindi and English is important.
- Proven leadership skills and a competence in people management.
