Devils Circuit is India's most loved Obstacle Race. It was built with a mission of impacting lives and helping people be the best versions of themselves.
Over the last decade, through constant innovation, we have not only succeeded in building a strong community of devilslayers, but also in putting together a kick ass event, edition after edition!

Having just finished 10 years and 50 editions of the Devils Circuit, we are now geared towards doing in the next 3 years what we did in the last 10! For this we need a superstar to join our team.

Here is who you need to be:

- You will build obstacles, so in operations nothing is an obstacle that you can't overcome
- You love the outdoors and like nothing better than spending time on vast landbanks overseeing the obstacles being created
- You are a doer, you don't mind rolling up your sleeves and getting in, when the job demands
- You are a good motivator- people like working for you and you know how to get them to do their best
- You are a teacher- you not only show how its done, you teach how its done
- You have been around the block- you can share your experiences of having managed large events successfully
- You are obsessed with meeting timelines
- You are comfortable travelling 100 days or more in a year
- And last but not the least, you can manage vendor relationships well and are a problem solver

What You Can Expect
A career in Sports that allows you to actively impact lives, yours included
A young and vibrant office environment with a culture where we empower each other
Opportunity to travel for work and sport.
Salary at par with the best in corporate world
Perks including medical insurance, free lunch at the office, easy paid leave policy, and a lot more
