Copywriter, Synapse

Panjim, Goa

Join us to do the best work of your life.

Prototyze is a venture studio based in Goa.
In our 22-year history, we've created many successful businesses that include Synapse which is focussed on communication, ScreenRoot that designs screen-based interfaces, Visual JuJu which helps businesses communicate in multimedia, Report Yak that specializes in creating reports, and Deck Sherpa which is a global presentation design studio.
All these firms work with industry-leading clients and brands and are growing. A playful view of our past years is here.

Synapse is a communication design agency that focuses on creative strategy and execution to help clients achieve their goals. You will get to interact with clients in industries including banking, insurance, healthcare, education, and technology among others. We work to solve a myriad of objectives like- "We're launching a new credit card.. what should we call it? What should the welcome kit look like? Can we make something unusual as collateral in the branch? How can we get more leads, recruit more talent, create brand awareness and increasing conversions etc." This is what we do daily. And we do this across channels—Traditional, Social Media, Emailers, Web, Presentations, Video and Brochures.

The Role:

- You should be eloquent, articulate in expression of thoughts
- You should be able to think, and write for memorable, interesting expressions
- You should be able to multi-task and lead projects
- You should have excellent research skills
- You must love pitching innovative ideas
- High degree of self-motivation and discipline to with minimal daily supervision.
