Details
Program Specialists in Training and Counselling will typically work with students on a full-time basis, providing extensive and high-quality training and counselling. They will work within the challengingcollege ecosystems and engage actively with key stakeholders of the program including students, parentsand college administrators.

The role of the Program Specialist involves Mobilization and Outreach – reaching to disadvantagedstudent groups in tier 3 and tier 4 colleges, enrolled in their final year of graduation. Majority of the students are first generation learners, thus, creating awareness about the importance of working in formalsector jobs is an important aspect of the job role. The Program Specialists then conduct Screeningof the students through interviews, gauging their interest and fit in the program. the selected students are then enrolled in Training on soft skills, including employability skills, interview preparation, group discussions, CV writing, bringing awareness about the job market, career growth and work readiness. Thetrainers also engage parents and support their students through counselling, ensuring they have a smoothtransition from Campus to Corporate. They will additionally be accountable for managing relationships with college partners by providing them with regular updates and effectively engaging with them in all program activities.

The Program Specialist should be willing to innovate and improvise on the program to build a trulyexciting youth employability experience for the students. It is the goal of the Specialist to drive a on theirfirst job. The role calls for highly motivated development sector professionals, looking to make real impactwith the youth they work with.
