TEACHFORINDIA

TEACHFORINDIA

Teach For India started in 2009 with the audacious goal of eliminating educational inequity. While there are many routes to challenge and change India's status quo in education, we believe that we are fuelling our country with leaders who will be the single biggest enabler in **transforming the nation.**

Vision
One day all children will attain an excellent education.

Mission
To build a movement of leaders to eliminate educational inequity.

India's crisis of Inequity & Education

Today, India is facing a crisis of unprecedented proportions. Our performance on indices such as hunger, inequality, water and air quality, are quite poor.

107th of 121 countries
Hunger Index*

147th of 157 countries
Oxfam Inequality Index

120th of 122 countries
Water Quality Index

178th of 180 countries
Air Quality Index

139th of 156 countries
UN World Happiness Index

142nd of 180 countries
World Press Freedom Index

72nd of 73 countries
PISA

*Furthermore, the quality of education received by children is holding them back from achieving their fullest potential.

**International Food Policy Research Institute (IFPRI) I Oxfam I The Central Pollution Control Board (CPCB) The Central Pollution Control Board (CPCB) I United Nations Sustainable Development Solutions Network Reporters Without Borders (RSF) I Organisation for Economic Co-operation and Development (OECD)*

How Do We Do That?

In order to catalyze our work towards educational equity in India, we run several programs, with our flagship program being the Teach For India Fellowship. Each program is designed to identify, develop and equip leaders with the knowledge, skills and mindsets to eliminate educational inequity.

TEACHFORINDIA

Fellowship

The Fellowship places young professionals & college graduates to serve as full-time teachers in government or low-fee private schools, where they provide quality education to children from disadvantaged backgrounds. Fellows are expected to be catalysts for change, and not only focus on teaching but also work on various initiatives to bring about systemic improvements. They receive rigorous training for their own personal and professional development.

Firki
A world-class online teacher education platform, Firki offers learning experiences, webinars, courses and resources to upskill, support, develop and celebrate teachers. They have over 250 courses, close to 3,000 resources and over 1.5 lakh users.

TFIx
A year-long incubation program, TFIx supports passionate entrepreneurs to launch their own Fellowship programs. This lifelong learning circle enables these leaders to adopt Teach For India's Fellowship model into their context to educate children in different corners of India. TFIx has supported upwards of 50 entrepreneurs launch high-impact teaching Fellowships in their regions.

InnovatED
This incubator program supports early stage education entrepreneurs from Teach For India's Alumni network, who want to take their ideas from a prototype stage to a sustainable organisation. InnovatED has incubated close to 50 such organisations through coaching, bootcamps, toolkits, access to funding, a peer network and much more!

Kids Education Revolution
It is a bold and ambitious collective of schools and organizations that are working towards reimagining education at scale. They are driven by a profound belief in the power of student leadership. Their programs have empowered close to 2,300 students in their journey of leadership.

The Teach For India Fellowship

Teach For India Fellowship is designed for individuals who wish to **drive change** through the medium of education and teaching. By working as a full-time teacher in a government or a low-fee private school, our Fellows have the opportunity to transform the lives of children from underserved communities.

The Fellowship also acts as a platform to **develop as leaders** and build one's future. Through the grassroots nature of the program, Fellows learn managerial and leadership skills such as critical thinking, strategic planning, collaboration, communication, compassion, and much more! They embark on a journey of understanding their strengths, interests and **purpose**, towards carving out their own path and building a meaningful career.

Most of all, Fellows gain a **lifelong community** of like-minded friends, colleagues and mentors, not just from within their cohort, but also the 4,000+ Alumni from the previous cohorts, and the Fellows and Alumni from the Teach For All network that spans 62+ countries.

Who Are Our Fellows?

Our Fellows come from a variety of disciplines including engineering, arts and law from over 500 educational institutions across the world. Fellows also bring work experience from over 300 companies spanning IT, Consulting, Banking, Army service, EdTech and more.

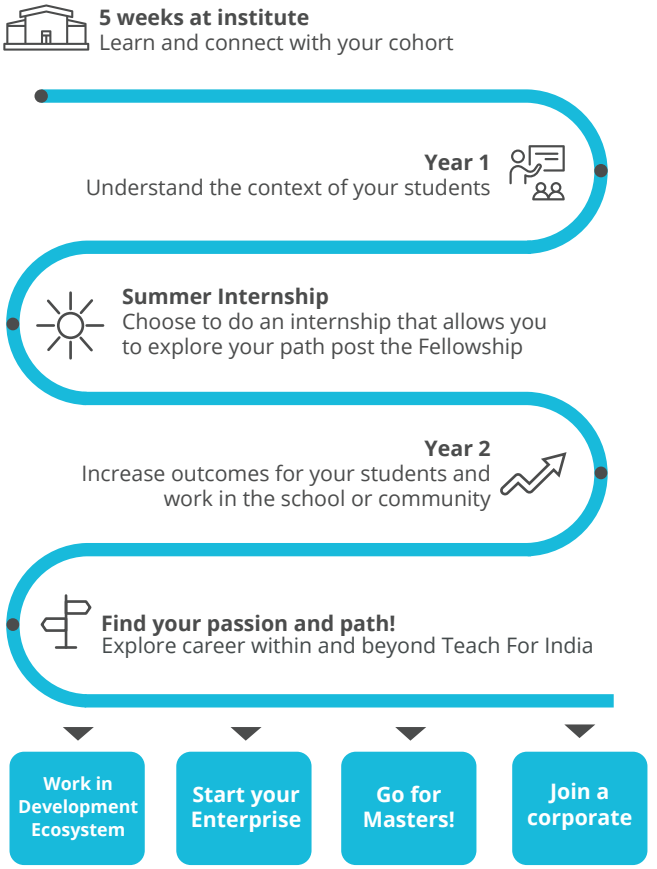

- **Believe in an equitable, excellent education for all**
- **Demonstrate leadership potential and openness to learning**
- **Are not afraid to chase ambitious goals**
- **Display perseverance and resilience through challenge**
- **Demonstrate critical thinking and problem solving skills**

The Fellowship Experience

Fellows are placed as full-time teachers in English medium government or low-fee private schools across one of our 8 placement cities - Ahmedabad, Bengaluru, Chennai, Delhi, Hyderabad, Kolkata, Mumbai, Pune. They may be a class teacher teaching all subjects, or a subject teacher teaching a specific subject like English, Math, Social Studies or Science. By working alongside other Fellows, the school staff and the families of students, they provide students with a holistic education rooted in overall development, skill building, values and academic growth. Fellows hold the lens of reflection, empathy and excellence in their daily work to be on a path of continuous growth.

The Fellowship experience has 5 key stages that culminates in their joining our Alumni movement.

Through this journey, our Fellows learn, practice, and grow in following areas:

Project Planning and Management
Through regular long-term and daily planning of lessons, school events, and projects, Fellows learn advanced planning, organizational, time management and Monitoring and Evaluation skills.

On-ground Execution
Fellows learn to execute in a fast-paced environment, where they are pushed to think on their feet, and communicate effectively.

Stakeholder Engagement
Fellows learn to listen deeply, empathise, build strong relationships, communicate and build consensus amongst Students, teachers, parents, school staff, and peers.

Reflect
Through the use of qualitative and quantitative data, Fellows learn data analysis, deep reflection, and problem-solving.

Fundraising and Resource Management
Fellows mobilise resources towards the the bold, future that they have envisioned for their students.

The Selection Process To Join The Teach For India Fellowship

The Fellowship is a highly selective program with 6.8% of applicants receiving an offer. Applicants go through a three-step, non-competitive process, as shown alongside.

The minimum requirements to be a Fellow include:

- Commitment towards the two-year, full time nature of the program
- Commitment to teach in an under-resourced government or low-fee private school
- Having (at the least) a bachelor's degree by the time of joining in June 2024
- Being an Indian citizen or person of Indian origin with an OCI card

* One does not need prior teaching experience. We provide rigorous training to all Fellows to set them up for success in their classrooms.

1

Application Form
to showcase past experiences and motivations for joining the Fellowship.

2

Phone Interview
of 30-minutes to clarify gaps in the application form (a step that can be bypassed upon submitting a strong application)

3

Assessment Centre
to showcase one's competencies and demonstrate why one would be an excellent Fellow through multiple activities, including a sample teaching activity, group activity, problem-solving activity, and an interview.

Application Deadlines

*Earlier applicants are likely to receive the Placement City of their choice.

1	2	3	4	5
3rd September 11.59pm	**15th October** 11.59pm	**3rd December** 11.59pm	**4th February** 11.59pm	**17th March** 11.59pm

Compensation:

- Fellows will be paid a monthly stipend of 23,043 INR + City Compensatory Allowance (5,800-10,000 INR) + Reimbursement of program related expenses.
- Total CTC: 3.4 to 3.9 LPA

Who Are Our Alumni?

50 Million Children Impacted

Hear From Our Leaders

Shaheen Mistri
Founder and CEO, Teach For India

“We need driven, passionate people leading classrooms—
educators who can motivate, inspire and enable our children to be the best they can be.”

Romana Shiakh, Fellow 2009-2011
Chief Program Officer - Kizazi
“Seeing and experiencing a change in myself, people, and the school system showed me that a purposeful, relevant, and contextual educational experience is critical to enable personal, social, and global change. To change systems, policies, and processes, we need the values of dignity and love to guide us and we need to start with ourselves."

Taru Vikram, Fellow 2021-2023
"Even though I was an MBA graduate, I learned much more about management and planning through the Teach For India Fellowship."

Danish Siddique, Teach For India Student Alumnus
“Since I am a first-generation learner in my whole family, my Fellows were the only people who could guide me with decision making in terms of my academics and life. Now that I hold an offer letter from Lancaster University in the UK to study BA Hons. Film Media and Cultural Studies, I have the chance to go face the world as my true self with confidence.”

Nandita Das, Actor and Filmmaker
“I am always happy to be part of initiatives like Teach for India that give me an opportunity to engage with children. We grownups have a big responsibility of ensuring that children never lose the joy of learning and the space to question. We need to keep their confidence and idealism intact.”

Join the movement of leaders who are transforming the nation to make it free of poverty and filled with love.
