Associate at The Blended Finance Company

Location: Mumbai/New Delhi

About Us:

The Blended Finance Company (TBFC) is a full-service organization for transaction management to scale the blended finance market in India. TBFC specializes in designing and executing financial structures and programs that enable investors to deploy significant capital while generating sustainable returns, and donors to maximize their catalytic leverage. We are a rapidly growing organization that houses development sector expertise, blended finance transaction design skills, funds syndication abilities, and program management teams.

Position Overview:

We are seeking a dynamic and motivated individual to join our team as a full time Associate. An ideal Associate will be a self-starter, analytical, entrepreneurial and have excellent written and verbal communication skills. S/he will have a proven track record of taking initiative in a work setting and demonstrating the ability to work collaboratively with people at all levels within the organization as well as with other external stakeholders in the ecosystem.

The role will require the Associate to conduct research and analysis on the blended finance market and opportunities; help design blended finance structures, prepare fundraising materials for transactions , and manage projects under blended structures; assist in organizational growth and development. S/he will work closely with partner organizations, lead discussions with key stakeholders and represent TBFC at various industry events.

This role is ideal for someone who has a strong passion for working in the development sector and is at ease interacting with a range of stakeholders including social enterprises, corporate leaders, funders, investors, not-for-profits and policymakers.

What is in it for you?

We are a growing and ambitious organization. At TBFC, you'll get to:

- Tailor your career to maximize your learning and growth.
- Create long-term impact in sustainable finance and developmental economics, covering sectors such as climate, education, livelihoods, agriculture etc.
- Gain exposure to global and domestic philanthropies, financial institutions and funds.
- Contribute to building an organization from the ground up.
- Work alongside passionate individuals dedicated to making a difference.

Key Responsibilities:

- Research, analysis and writing: Conduct targeted primary and secondary research on the core issues and potential solutions in impact sectors such as climate action, education,

skilling, employment, and healthcare. Create presentations, concept notes, research reports for internal and external consumption
- Deal Sourcing and Structuring: Identify relevant opportunities and partners in the social impact sector suited for Blended Finance/Outcome Based Financing projects. Develop a thorough understanding of the key issue areas, interventions and outcome indicators to help with project design and structuring
- Project management and governance: Support the organization leadership to manage and implement blended finance investments and projects
- Stakeholder management: Develop and manage relationships with social impact organizations, non-profits, funders, policy makers, sector experts and key ecosystem player to effectively deliver on the organization's projects
- Organizational Development: Support the overall growth and development of the organization including preparing presentations for internal discussions and board meetings, developing marketing materials, updating website content, drafting grant proposals, annual reports and helping with organization events

Qualifications and skills

- Qualifications: Bachelor's or Master's degree in relevant fields (e.g., Business, Economics, Finance, Public Policy, etc.)
- 3-4 years of work experience in investing, consulting, start-ups, corporate roles, development think tanks or public policy
- Excellent analytical, critical thinking, problem-solving, and financial modeling skills
- Willingness to work on the ground with social enterprises and NGOs to help them achieve better outcomes through their interventions under blended finance projects.
- Strong verbal and written communication skills and the ability to effectively communicate with a broad range of stakeholders including government, private, and non-profit sector practitioners
- Demonstrated leadership, and ability to manage work streams independently without support staff and with little supervision
- Operating style suited to working in a small-organization setting, where teamwork and resourcefulness are highly valued
- An entrepreneurial mindset and ability work in a fast-paced environment

How to Apply:

If you are passionate about making a positive impact through finance and meet the qualifications outlined above, we would love to hear from you. Please use the google form to proceed with the application.

TBFC is an equal opportunity employer and is committed to diversity and inclusion in the workplace. We encourage individuals from all backgrounds to apply.
