Title	DM Strategy
Location	Noida

About us

University Living is a global student housing marketplace that helps international students find the best place to stay near university campuses around the world. Currently, our platform offers 1.75Mn beds in 35K properties across 265+ international education hubs in the UK, Ireland, USA, Canada, Europe, Australia, New Zealand, Singapore & UAE. Students can consult a 24/7 support team of accommodation experts to discover, compare, and book value-for-money accommodation based on their budget, desired location, and other personal preferences.

Reporting Structure: Reports to the COO

We are seeking a highly motivated and dynamic individual to join our team at University Living in the DM Strategy department. As a leading player in the Real Estate industry, University Living is dedicated to providing exceptional student accommodation experiences across the globe. This position offers a unique opportunity to work in a fast-paced and innovative environment, where you will play a key role in shaping our digital marketing strategies.

In this role, you will be responsible for driving the development and execution of our digital marketing strategies to enhance brand visibility, attract new customers, and increase revenue. You will collaborate with cross-functional teams to analyze market trends, identify target audiences, and develop effective marketing campaigns. Additionally, you will be involved in monitoring and optimizing digital marketing performance, utilizing analytics tools to measure the success of our strategies.

Key Responsibilities:

- Develop & implement comprehensive digital marketing strategies to drive brand awareness and customer acquisition
- Analyze market trends and consumer behavior to identify target audiences and tailor marketing campaigns accordingly
- Collaborate with internal teams, including Sales, Design, and Content, to create engaging and impactful marketing materials
- Manage and optimize digital advertising campaigns across various platforms, including social media, search engines, and display networks
- Monitor and analyze key performance indicators (KPIs) to measure the effectiveness of digital marketing efforts and make data-driven recommendations for improvement
- Stay up-to-date with industry trends and best practices in digital marketing, constantly seeking opportunities to enhance our strategies

Required Qualifications, Skills, and Experience:

- Master's degree in Marketing, Business, or a related field
- Proven experience in digital marketing, preferably in the Overseas Education industry
- Strong analytical skills and ability to interpret data to drive strategic decision-making
- Proficiency in digital marketing tools and platforms, such as Google Analytics, AdWords, and social media advertising
- Excellent communication and interpersonal skills, with the ability to collaborate effectively with cross-functional teams
- Ability to multitask and prioritize projects in a fast-paced environment
- Strong attention to detail and ability to deliver high-quality work within tight deadlines

Disclaimer

The above roles and responsibilities are the basic requirements of the role, however, not inclusive, and all related activities may be added as per the business needs.
