Profile | Two-year Graduate Analyst Program

White Oak Capital Management

White Oak Capital Management is an investment management firm with over USD 6 billion of India-dedicated capital. The firm was set up by former CIO of Emerging Markets Equity and India Equity at Goldman Sachs Asset Management.

White Oak has also launched 2 new initiatives – Global Emerging Markets (GEM) practice, covering over 40 emerging market economies, and a domestic Asset Management Company (AMC) business.

The Investment research team is responsible for identifying and evaluating investment opportunities in listed equities across geographies and sectors, conducting due diligence and overseeing existing investments.

Role

The role will entail working closely with the investment research team. They will be part of the entire investment process, beginning with idea generation, company evaluation, management meetings, channel checks and valuations. Candidates are expected to pursue higher studies post the completion of the 2-year program. Exceptional performers in the program may be considered for a full-time role post the completion of higher studies.

Application Process

1. Latest CV
2. A write-up/PPT on their best investment idea in the listed equity space. This can be in the form of a report of not more than 2 pages or in the form of a presentation deck with not more than 5 slides.
3. An excel financial model of the best investment idea
4. A list of next best 3 investment ideas in the listed equity space, with a brief thesis of 1 paragraph each. This can be in the form of a one-page report.
5. A cover letter (optional)
