Urban Sanitation - Knowledge Hub Analyst

About Dasra:
Dasra's bold aspiration is a transformed India where a billion thrive with dignity and equity. Established in 1999, Dasra is India's leading strategic philanthropy foundation, working with philanthropists and high-impact social entrepreneurs to bring together knowledge, funding and talent as a catalyst for social change. With 24 years of experience in the sector, a depth of knowledge gained from working with over 1,000 non-profits and having brought over $100 million in funding to organisations - Dasra drives collaborative action to accelerate social change in India.

About the Urban Sanitation Team:
Dasra's aspiration is by 2030, to enable Safe Sanitation and Water for Urban India (~8000 Cities) thereby enabling dignity and equity to our most vulnerable. The Urban Sanitation team plays the role of the field catalyser to bring together funders, governments, communities and sector experts. We have been championing collaborative action towards scalable impact by enabling inclusive and integrated citywide sanitation services for human waste management in urban areas. Dasra anchors the **National Faecal Sludge and Septage Management Alliance (NFSSM Alliance)** as its Secretariat. The NFSSM Alliance was instrumental in passing India's first national policy on Faecal Sludge and Septage Management (FSSM) by the Ministry of Housing and Urban Affairs, Government of India in 2017. The Alliance has now grown into a collaborative body comprising of 35+ organisations (NGOs, CSOs, Academic Institutions, Think Tanks etc.) and 120+ individuals, working towards policy recommendations and collaborative action at national, state and city level. The Alliance works in collaboration with government stakeholders like the Ministry of Housing and Urban Affairs, NITI Aayog and the Central Finance Commission. We work with our network of partners in over 19 states to develop policy recommendations, support governments through evidence and best practices and funnel up voices of communities, with a focus on Gender and Inclusivity, Municipal Strengthening, Technology and Innovation and Changing the Narrative. The team also provides advisory support - leveraging learnings from India in South Asia.

Your Role at Dasra:
As an Analyst in the Knowledge Hub at Dasra's Urban Sanitation team, you will play a pivotal role in leading the branding and communications efforts of an Alliance of expert organizations working in urban sanitation in India. Your role is critical in creating and maintaining alliances' brand image, driving brand growth, and securing brand positioning effectively in the urban sanitation space. You will also provide advisory support to alliances in South Asia on building their brand and enhancing their communications capabilities and strategies.

Location: Mumbai, India

Position Type: Full-time

Key Responsibilities:

- **Developing and Executing Communication Strategies:** Provides actionable overall market and brand insights to address key strategic questions. Thereafter, develop comprehensive communication strategies by identifying innovative and efficient formats, targeted channels of communication, periodic activations and partner engagement campaigns, that align with the Alliance's objectives, ensuring a consistent and compelling narrative. Execute these strategies across various channels, including social media, digital media, email, website, merchandise, press kits, events, and more.

- **Project Management:** Lead and coordinate branding and communications projects for the Alliance, ensuring that all initiatives are executed effectively and efficiently in coordination with internal and external stakeholders. You will also be responsible for tracking, reporting, and analysing the performance of communication activities, analytic requests, and development of regular performance reports.

- **Coordination:**
  Stakeholder Management: Engage with Alliance members, partners, and key stakeholders to gather information, stories, and insights to support effective communication, in a structured and organised manner.
  Vendor Management: Manage relationships with external agencies and vendors to ensure the delivery of high-quality branding and communication services while ensuring an integrated marketing approach to brand building.

- **Branding and Media Collateral:** Develop and implement branding and media collateral that align with the Alliance's objectives and enhance its visibility and impact. You will work with external agencies to develop various collateral such as toolkits, reports, compendiums, infographics, videos, illustrations, brochures, conference kits, etc. to enhance brand visibility, instill brand recall and build brand salience - during events and key activations.

- **Writing and Editing:** Edit and write content for various communication channels, including digital media, reports/resources, email newsletters, articles, blogs, review social media copy, etc.

- **Development Sector Experience:** Leverage your understanding of the development sector to inform your communication strategies and outputs.

Required qualifications:

- Bachelor's degree in any field, preferably in arts, humanities or communications.
- At least 1-2 years of relevant experience in the development sector with a robust understanding on 'Communications for Development' (C4D) approach.

What we look for/ Essential Skills:

- A self-starter with outstanding communication skills, both written and verbal, as well as the ability to develop concise and effective communications tailored to communicate key messages to specific audiences.

- Resilient, creative, problem-solving mind-set with a flexible can-do attitude, highly committed, and confident, with a proven record of thriving in a multi-stakeholder environment. Flexible and adaptable to changing circumstances and market trends.

- Exceptional communication and interpersonal skills, with the ability to interact effectively and positively in a fast-paced and diverse environment. Understands the expectations of internal and external stakeholders and works to develop relationships towards a single goal/ project/ deliverable. Strong vendor management skills, including relationship management, negotiation and performance evaluation.

- Proven project management skills with a track record of successfully managing complex projects. Achieves project deliverables within deadlines, effectively manages own time and identifies conflicts/roadblocks with some support and guidance. Ability to multi-task. Strong aptitude for working with data and statistics to inform decision-making.

- Frames sharp research questions, collects relevant and accurate information/data from credible sources. Possess working knowledge in social media analysis, SEO, media spends (CPC & CPM) of digital branding campaigns, and website analytics. Working knowledge of AI tools is an added advantage.

- Familiarity with branding, social media, and digital media strategies. Expertise in visual design, strong understanding of typography, alignment, placement & colours theory with a sharp eye for design layout, and a strong affinity for the latest design trends and new media (augmented/virtual reality, social media, etc.). Good editing and writing skills with a keen eye for detail and accuracy. Ability to integrate a 'Communications for Development' (C4D) approach in all branding and communications efforts.

- Previous experience in branding, social media, or digital media in a communications role is desirable, but not necessary.

Although the individual will work in a small team, it is essential that the chosen candidate can work independently to complete the project deliverables in a time bound manner.

About OneDasra Team:
