About eGov Foundation:

Does 'Solving for the Billions' excite you?

At eGov, we firmly believe that working together to solve real world problems will accelerate the achievement of sustainable development goals (SDGs) and improve the quality of life for ordinary citizens. Started in 2003 as a philanthropic foundation by Nandan Nilekani and Srikanth Nadhamuni, eGov has a bold vision to provide transparent and inclusive public services in **30 countries by 2030.** Our open technology platform - the DIGIT Stack - powers this ambition and makes it possible!

We are looking for dynamic, committed and passionate individuals who are genuinely interested in understanding and solving real world problems to join our team. We promise you the opportunity to **work alongside some of the most committed thinkers and doers in this space, on breakthrough ideas and shape them into digital public goods that will bring about real impact and solve societal challenges**.

We are funded by Tata Trusts, Bill and Melinda Gates Foundation, Omidyar Network India and Nilekani Philanthropies across urban, health, sanitation and public finance management domains. We currently work with **7 countries** & 16 sub-national Governments impacting the lives of more than **1 billion citizens** with our work.
